# COMMERCIAL & INDUSTRIAL

## COMMERCIAL & INDUSTRIAL LIGHTING

We have a wide collection of commercial and industrial lighting choices. We recommend out LED lighting panels for projects that are retail and office related. These panels will give you a high lumen brightness output while keeping your energy consumption costs as low as possible.

Our LED batten lighting will also replace your old and outdated halogen tube lights. Without any unnecessary parts and replacements, all you have to do is connect and fit your new light, and you are done.

Our UFO high/low bay lighting will ensure your industrial and warehouse lighting needs are also met. Easy to install lighting that will leave you satisfied with the amount of light dispersed throughout your building.

Emergency lighting is readily available, we have emergency maintained and non maintained options available.

### Why choose Ecobrite?

We are the UK's leading lighting company, innovating with new products and creating truly unique and stylish lighting products for your home or project. With years of experience, we understand what it means to be a customer and the things needed to help you along the way in choosing the right light.

From our friendly customer service and expert advice to our world class products created with only the best materials. That is why we have a dedicated team to ensure that all our customers are satisfied, and their needs are taken care of.

Our aim is to help you find the perfect lighting product, whether it's for your new home, a refurbishment, commercial project or even just changing a bulb, we are ready to help. Visit one of our dedicated showrooms, with a display of all our new extensive range of products on display, our staff will help you with the process.

## **PANEL LIGHTING**

### **LED PANEL LIGHTING**

Wide range of decorative LED panels. Best sellers include the recessed and surface mounted Ecoslim panels. High lumen brightness panel lighting for any project. The high brightness per wattage is the best in the market, with LED technology that is reliable and efficient.

The panels can be used in office, retail and even domestic uses. They are manufactured to consume as little energy as possible while giving you a high light output.

We supply LED panels that help to create a relaxing ambiance in your office or retail space. The natural tone of the light provides lighting that is easy on the eyes and helps to create a sense of environment.

## **CEILING TILE PANELS**

### **What are LED panels?**

Designed to replace conventional fluorescent ceiling lights in commercial buildings and office environments.

LED panels are thin panels which consist of light emitting diodes (LEDs) placed in between aluminium housing and plastic material.

The aluminium housing acts as a support for the LED strips, while also providing a cooling system for the LED lights themselves.

Available in different size options, LED panel lights can be either suspended from the ceiling or mounted directly into the ceiling – usually for rooms with lower-height ceilings.

Browse our range of 600x600mm panels, made from lightweight aluminium housing and more efficient LED diodes.

### **What are the benefits of LED panels?**

If you are looking for a premium lighting solution for your commercial space that will also reduce long-term costs and help the environment, then LED panels are a perfect choice.

LED panel lights provide excellent colour rendering and do not fade, making them perfect for retail and hospitality environments.

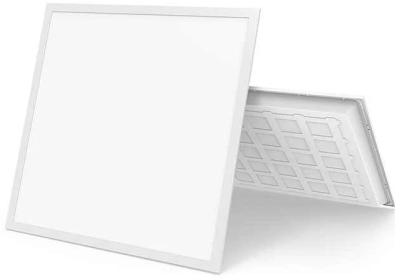

They are also fully controllable and can be dimmed depending on the mood you are trying to create.

LED lights are up to 80% more efficient than other alternatives, such as fluorescent or incandescent lights.

With 95% of the energy in LEDs being converted into light, only 5% is wasted as heat, therefore their energy-efficiency is unbeatable.

Providing you buy from a reputable retailer, like LED Panel Store, LED panels offer an exceptionally long lifespan, expected to last up to 50,000 hours before replacements are needed.

With so many compelling reasons to switch, now is a good time to make the investment for a brighter future.

## OUTDOOR LIGHTING

### Crystal Chandeliers

From waterproof Downlights to recessed lights, we have something for everyone.

With our outdoor lighting, you are not restricted to a specific room or space. Your outdoor area is your blank canvas, and you can create whatever you like.

Lighting the outside is just as important as lighting the inside. It provides you with an opportunity to express your creativity.

Outdoor lighting can be used to highlight the main features of your home, highlighting the natural features such as trees, shrubs or even the lawn.

We have a range of lighting that will help with this. From ground paving lights to spotlights that can create beautiful lighting features.

Create lighting around the border of your home with our outdoor waterproof lighting strip lights. Or even use our standing LED lighting bollards around your garden area.

Use our waterproof floodlights to highlight ponds and swimming pools, or even the angles of your home.

Motion sensor lighting will help you create a secure environment within your home. This ranges from our floodlights to our wall lights.

This will deter crime and provide safety for any hazards late at night.

All our outdoor lighting is ingress protected from both water and dirt resistance.
