COMMERCIAL & INDUSTRIAL

COMMERCIAL & INDUSTRIAL LIGHTING

We have a wide collection of commercial and industrial lighting choices. We recommend out LED lighting panels for projects that are retail and office related. These panels will give you a high lumen brightness output while keeping your energy consumption costs as low as possible.

Our LED batten lighting will also replace your old and outdated halogen tube lights. Without any unnecessary parts and replacements, all you have to do is connect and fit your new light, and you are done.

Our UFO high/low bay lighting will ensure your industrial and warehouse lighting needs are also met. Easy to install lighting that will leave you satisfied with the amount of light dispersed throughout your building.

Emergency lighting is readily available, we have emergency maintained and non maintained options available.

Visit one of our dedicated showrooms, with a display of all our new extensive range of products on display, our staff will help you with the process.

EMERGENCY

Emergency Lighting

Emergency lighting is essential for any commercial and industrial building. Our lighting will illuminate spaces and indicate where emergency exits are situated so personnel have assistance in finding the right direction to leave an area safely. Emergency lighting is usually found within offices and retail areas where there is a need for illuminating the exit areas.

These lights are a secondary light in case there is an emergency power shortage within the building or area. Therefore, it is essential you have these lights installed in order to comply with fire safety regulations.

Choose from our range of emergency lights, from emergency bulkheads to downlights, whatever it is you need, we have the solution for you.
